REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than 60 years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump — its safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF COMMITTEE ON BUILDING REGULATIONS

BUILDING REGULATIONS SUGGESTED FOR TOWN ADOPTION

1. The Inspector of Buildings shall be appointed by the Selectmen annually and shall be the administrative officer of this ordinance. He shall receive applications for all new habitable buildings and the fees as provided in this ordinance; shall deposit with the Town Clerk a record of all applications and his action thereon; and may issue permits for erection if, in his opinion, the proposal complies with the law of the State, this ordinance and other town ordinances and by-laws: shall act in coordination with the fire warden and/or health officer in any matter in which their duties as prescribed by law may coincide or conflict; and shall take such action in the enforcement of this ordinance as may be directed by the Selectmen.
2. No dwelling shall be erected until a permit thereof has been issued under the terms of this ordinance. Remodelling into habitable dwellings of existant structures or conversion of existant homes, attached ells and/or accessory buildings into apartment units shall place them within the scope of this ordinance.
3. No application for a permit required by this ordinance shall receive action by the Building Inspector unless made in writing. All applications for a permit to build or reconstruct any building shall be accompanied by a sketch or plan of the proposed building. A fee of Five Dollars (\$5.00) shall be paid for all permits issued. A building permit shall become void unless operations are commenced within six (6) months from date of approval, unless such time is extended by the Building Inspector.
4. Upon receiving such application the Building Inspector shall promptly take such action as may be indicated in the way of investigation to acquaint himself with the merits of the application. If he finds the proposed building to conform with the law and this ordinance, he may at once issue the permit in writing over his signature. If he finds the proposal in any conflict with the law or this ordinance, he shall fix whatever restrictions or conditions on the proposed construction as may be, in his best judgment, right and proper, or for reasonable cause he may refuse the permit.
5. No building or structure shall be erected or rebuilt for habitation unless in compliance with the following:
 - a) **Roofs.** No roof of any building shall be covered or recovered in whole or in part save with any non-combustible or fire-resistant roofing materials.
 - b) **Chimney construction.** Chimneys shall extend at least 3 feet above the highest point where they pass through the roof of

a building and at least 2 feet higher than any portion of the building within 10 feet. No chimney shall be built having wood or other combustible materials within one inch of the chimney and no chimney shall have its base resting upon any floor or beam of combustible material. Factory-built chimneys that are approved as a result of tests and listing by a nationally recognized testing laboratory shall be installed in accordance with the conditions of the approval.

- c) **Thimbles.** No wall paper or other combustible material shall be laid over any thimble or thimble hole in any chimney.
 - d) **Smoke pipes.** No smoke pipes shall be installed or erected so as to be within twelve inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material except when guarded by a double collar of metal with air space of at least five inches, or by at least five inches of brick or other non-combustible material between the pipe and the combustible material.
 - e) **Electric wiring.** All electrical wiring shall conform with approved methods and practices for safety to life and property. Compliance with the National Electrical Code, as published by the National Board of Underwriters, shall be prima facie evidence of such approved methods and practices.
 - f) **Foundations.** All structures shall be set on solid foundations or piers of cement, brick, stone or other acceptable masonry.
 - g) **Minimum building area.** Every dwelling unit to be used by a single family shall have a minimum ground floor area of five hundred square feet.
 - h) **Outside walls** shall be constructed of material commonly used for outside construction and materials customarily painted shall be painted. Protective building paper is not acceptable within the scope of this paragraph.
 - i) **Sewerage.** When a public system is not available, a private sewerage disposal system is required. Septic tanks and drainage fields are required with flush bowls and size, type and construction must be approved. All septic tanks and drainage fields shall be in accordance with state law (Chapters 147-8, Revised Statutes Annotated).
6. **Right of Appeal.** The Board of Selectmen shall have authority to allow slight variances from the specific terms of this ordinance where it can be shown that unnecessary hardship would otherwise result.
7. **Amendment.** This ordinance may be amended by a majority vote of any legal town meeting when such amendment is published in the warrant calling for the meeting.

8. **Enforcement.** Upon any well-founded information that this ordinance is being violated, the Selectmen shall on their own initiative take immediate steps to enforce the provisions of the ordinance by seeking an injunction in the Superior Court or by other appropriate legal action. Whoever violates any of the provisions of the above regulations shall be punished upon conviction by a fine not exceeding ten dollars for each day of violation.
9. **Takes effect.** This ordinance shall take effect upon its passage.
10. **Conflicting provisions.** Whenever the regulations made under the authority hereof differ from those described by any statute, ordinance or other regulations, that provision which imposes the greater restriction or the higher standard shall govern.
11. **Validity.** If any section, clause, provision, portion, or phrase of this ordinance shall be held invalid or unconstitutional by any court of competent authority, such holding shall not affect, impair or invalidate any other section, clause, provisions, portion or phrase of this ordinance.

STATE OF NEW HAMPSHIRE

NOTICE—POLLS OPEN FROM 12:00 NOON TO 5 P.M.

To the inhabitants of the Goshen-Lempster School District qualified to vote in district affairs:

You are hereby notified to meet at the Goshen-Lempster Cooperative School in Lempster on the twenty-first day of March, 1964, at 12:00 Noon, to act upon Articles 1 and 2; the meeting to be recessed and opened again at two o'clock in the afternoon, to act upon the remaining articles in the Warrant (Articles 3 through 11):

1. To choose a Moderator for the ensuing year.
2. To choose one member of the School Board for the ensuing five years.
3. To choose Agents, Auditors and Committees in relation to any subjects embraced in this warrant.
4. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
5. To determine and approve the salaries of the School Board and fix the compensation of any other officers or agents of the district.
6. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization and building funds, together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
7. To see if the district will authorize the School Board to appropriate receipts from federal lunch reimbursements, tuition, gifts and other receipts from miscellaneous sources, in addition to the original appropriation for 1964-1965, for the school lunch program, general expenses, equipment and improvements.
8. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or state agencies.

9. To see if the School District will vote to authorize the School Board to execute a Quitclaim Deed in the name of the District of the Lempster Street School, and deliver the same to the owner of record of the premises, in order to clear the title to the same, as said premises were previously sold, and without requiring anything further in payment; this deed to pass any interest which the District may have in the premises.
10. To see if the district will vote to use the check list of the town meetings for the annual school meeting to be prepared by the supervisors of the towns.
11. To transact any other business that may legally come before this meeting.

GIVEN UNDER OUR HANDS at said Lempster this sixth day of March, 1964.

GOSHEN-LEMPSTER SCHOOL DISTRICT SUPERINTENDENT'S REPORT

To the School Board and Citizens of the Goshen-Lempster Cooperative School District, I herewith submit my annual report as Superintendent of Schools:

TEACHING STAFF

We were very fortunate to be able to start our new school year (Sept. 1963) with our entire teaching staff returning to the Goshen-Lempster School. This has been a very satisfactory year in many respects. We have been very pleased with the manner in which Mr. Miller has accepted his responsibilities as Principal of the school. He has done a good job in organizing the building. We have appreciated the good work, loyalty, and cooperation of the other members of the staff. Mrs. Newman as usual was assigned to the primary room, Mrs. Starkey to grades 3 and 4, Mrs. Morrissey to grades 5 and 6, and the Principal is assigned to the upper grades.

CAFETERIA

Mrs. Wesley Witham is completing her first year as cafeteria cook. We commend her on the quality of food prepared and the excellent meals which have been served. As time goes on, we are finding it increasingly difficult to provide this school service, on a self supporting basis. The hot lunch program of course is of great benefit to the children. All children, who have wished to do so have had an opportunity to take advantage of this service. Monthly shipments of Government Surplus Foods have helped to finance the program, and enable us to serve meals at a minimum cost to the child.

SCHOOL ENROLLMENT

1963-1964	
Grade 1	17 pupils
Grade 2	18 pupils
Grade 3	15 pupils
Grade 4	16 pupils
Grade 5	15 pupils
Grade 6	17 pupils
Grade 7	16 pupils
Grade 8	7 pupils
<hr style="width: 20%; margin: 0 auto;"/>	
Total	121 pupils

It is expected that we will have 13 new pupils entering the first grade next year. (September 1964). With only seven pupils graduating our total enrollment in the fall will be increased to a total of 128 pupils. This will give us an average room assignment of 32 pupils to a teacher. Such a teaching load is entirely too heavy for a person with multiple grades in each room. This building was designed for

a maximum of 120 pupils. We are already over-capacity and our utility room is not adequate to seat our pupils for lunches, or assembly programs.

MAINTENANCE

Mr. Wesley Witham has done fine work as janitor of our school again this year. The teachers and administrators are very appreciative of the manner in which the building has been maintained. During the summer vacation, the entire building was cleaned and the floors waxed. This work is considered part of our annual maintenance program.

SUPERINTENDENTS' RECOMMENDATION

1. That the School District give serious thought to providing transportation to high school. This service would help to eliminate drop-outs, and insure more regular attendance at school.

2. That moneys be provided in the budget for an addition to the building to include the following:

1. Additional toilet facilities
2. One new classroom
3. Enlargement of the cafeteria room and kitchen

We are over-crowded now in all our classes, the utility room is not adequate for school and public affairs, and we are in dire need of additional toilet facilities.

3. That we give serious consideration to the employment of a part-time music supervisor as part of our enrichment program.

4. That we give support to the matter of a Special Class for Retarded children, to be organized and financed on a Union Basis.

DISTRIBUTION OF PUPILS

In our local elementary school, the enrollment is divided by towns as follows:

Goshen	Elementary	Lempster
68		54
	High School	
20		24

SUMMARY

We have been pleased with the operation of the school this year. Elsewhere in this town report you will find reports of the school Principal and the school nurse. They have explained more in detail the activities of the children. I hope you will read these reports with interest and satisfaction.

I wish to thank the teachers, the School Board and Citizens of the Goshen-Lempster Cooperative District for their interest and support during the school year. Working together we can provide a program of Education of which we may all be proud.

Respectfully submitted,

NOYES C. STICKNEY

GOSHEN-LEMPSTER SCHOOL PRINCIPAL'S REPORT

Before submitting my second annual report as principal of the Goshen-Lempster Cooperative School I would like to add a postscript to last year's annual report.

First I would like to say that the eighth grade orientation trip to the Newport Junior High School was a great success, and we will hold another for this year's class.

We also held a very successful Book Fair; the proceeds of which added over 125 books to our room libraries. We are especially thankful for the generous donations from the Susie B. Hurd Fund and also from the Goshen Parents Club.

The seventh and eighth grades also made a very successful trip to Concord. The highlight of this trip was the meeting with Governor King and an observation of the legislature in action.

Finally, a pleasant year was ended by a lively graduation with Mr. Edward DeCourcy as the principal speaker.

Incidentally, the members of the class of 1963 are now doing well at the Junior High School with three members placing on the honor roll in the first marking period.

This year has progressed very smoothly because of the excellent work being done by my fellow teachers Mrs. Starkey, Mrs. Newman and Mrs. Morrissey. Without the background provided by these teachers, we would have no honor students to take pride in.

We have a new program of instrumental music which has gotten off to a fine start under the direction of Mr. Robert Howard. We have 10 children taking various instruments, and they are progressing very well. We hope to give a performance in the near future.

We have been very fortunate in securing the services of Mrs. Florence Witham who has kept our hot lunch program up to its former high standards.

The new science table is also deeply appreciated. It is being used a great deal and gives the children an opportunity to try the experiments presented in their texts.

There is one situation at our school that I feel needs to be remedied. This is the ever-increasing crowding of the classrooms which is causing split grades and three-grade rooms, with a consequent lowering of individual attention. The over-crowding will also soon be evident in a disproportionate increase in wear and tear on the building itself. One proposal now being offered for your consideration is the addition of another room and another set of toilets. In addition to this, there is a need of an expansion of the present lunchroom in order to accommodate a larger assembly.

If we acquire these additions, the set-up of the school will change from its present form:

1. The two lower rooms will become ungraded classrooms with various levels ranging from first to third grade. This will enable the teachers to impart a good background before passing the child on.

2. There will be two combination rooms for the middle grades. (These would be fourth-fifth and sixth-seventh).

3. Finally, there will be a separate eighth grade room for intensive remedial work where necessary and final preparation for high school.

It is my belief that the introduction of this system, with the necessary building addition, would greatly improve the general standard of our school.

I would like to conclude this report with a final word of thanks to the Campbells and Mr. Witham, Miss MacIver, and those others whose services contribute to the welfare and smooth organization of our school.

I would also like to express my gratitude to Mr. Stickney, the School Board and other members of this district with whom this past year's association has been very pleasant.

Respectfully submitted,

GEORGE MILLER

SCHOOL NURSE'S REPORT

To the School Board and Citizens of Goshen and Lempster I herewith submit my 11th annual report as school nurse.

One hundred and twenty-one vision tests were done. Eight defects were noted and reported. Seven children had vision corrections made.

One hundred and seventeen hearing tests were done on a screening basis. Out of this number of tests seven full audiograms were done. Two children gave evidence of impaired hearing. Medical examination showed that removal of tonsils and adenoids was indicated in both cases. This was done and hearing restored.

One hundred and sixteen children were weighed, measured and checked for any noticeable abnormality.

Twenty-five children attended and were treated at the Dental Clinic which is sponsored yearly by the Parents' Club with the assistance of the State Department of Health.

Because of the Polio Epidemic in Canada last fall we again offered Sabin Type III to those who had not received it previously. You may recall that Type III was the controversial type at the time the Vaccine was first offered. Fifty-seven school children, nine adults and seven preschool children received the Vaccine in October.

Tuberculin Patch Testing was done again this year. One hundred and seventeen school children and three adults received the Patch Test. All readings were negative and no referrals were made to the Diagnostic Chest Clinics. A positive reading indicates a person has had a direct contact at some time with the organism causing Tuberculosis and that a follow-up chest X-ray should be done.

I would like to take this opportunity to thank all of you for your support and interest in the Health program.

Respectfully submitted,

FLORENCE MacIVER
